

The Jamaica Urban Transit Company Limited

seeks to recruit
a
Maintenance Manager

MINIMUM QUALIFICATIONS & EXPERIENCE:

- Bachelors of Science in Mechanical Engineering or equivalent qualification from a recognized institution
- Five (5) years working experience in maintenance/ repair operations with at least two (2) years at supervisory level.

CORE FUNCTION:

Reporting to the Deputy Managing Director, Engineering & Technical Services, the incumbent will be responsible to perform duties to include but not limited to ensuring that the Depot meets its daily run-out requirements for vehicles that are clean and in good operating conditions, directing the implementation of preventive and predictive maintenance schedules for the Depot's vehicles, equipment and facilities and analyzing cost and repair histories in order to identify repeat problems and institute appropriate corrective measures to address root causes.

The successful candidate should also possess:

- Excellent knowledge of maintenance management to include bus automotive technology and tyre and body repair techniques.
- Good report writing skills.
- Sound knowledge of safety regulations and procedures for bus mechanical/electrical operations.
- Strong troubleshooting and diagnostic skills.
- Excellent supervisory skills.
- Good time management skills.
- Good negotiating skills.
- Sound knowledge of Microsoft Office Suite.
- Strong interpersonal skills.
- The ability to communicate effectively both orally and in writing.
- The ability to lead and motivate staff.

Applications with detailed resumes should be sent by **March 20, 2023** to:
